Summary: Collection of documents by the Khmer Rouge and their opponents. The *Santebal* collection proper (BBK and BBKh) comprises biographies of members of the Khmer Rouge organization or prisoners of the KR, many based on confessions obtained under torture. The Santebal collection also includes communications of the KR leadership discovered in 1996, which had been housed in the Ministry of the Interior of the Royal Government of Cambodia. Other collections (D, L, K and R) include: primary and secondary documents relating to the Khmer regime, including the Khmer Rouge prison at Krang Ta Chan, Takeo Province; the Anlong Veng collection of post-KR materials; intelligence documents from the Lon Nol regime relating to military events and KR prisoners of war; biographies of KR cadres and prisoners contained in KR prison guards' notebooks from Tuol Sleng Prison with information on political, medical, & military training; petitions to the Peoples Republic of Kampuchea to oust the KR from their seat at the United Nations.
